THE NEW

RAYMOND RECORDER

No. 2 Vol. 1 Thursday, March 23, 1950

Raymond Victorious Boxing and Basketball

On Saturday night, March 18, Raymond fighters were successful in bringing back four trophies from the Lion sponsored fight card held in Stirling. Dorin Flexhaug, Duck Adams and Morris Heggie were tops in pugilistic endeavor. Young Morris who is just ten years old, brought back two of the prizes, one for winning his class and the other, the very coveted trophy awarded by the Stirling A.A.A. for the best fight of the night. This is rather an unusual occurrence because Morris fights in 60 pound class and it is seldom that this award goes to such a light fighter. Congratulations to these boys.

Weddings

Paxman - Summerfeldt

The Alberta Temple was the scene of a lovely wedding on March eighth when Ellen Somerfeldt, daughter of Mr. and Mrs. Canada Summerfeldt of Vancouver, became the bride of Grant Paxman, eldest son of Mr. and Mrs. E. L. Paxman. The ceremony was performed by Pres. Lloyd Cahoon.

In the evening a reception was held in the Second Ward Recreation Hall in Raymond where relatives and friends gathered to wish the newly-weds Happiness in their new life.

The bride was radiantly charming in a lovely gown of white satin with a lace insert yoke and finger tip veil of embroidered net. Her bouquet was of red roses.

Miss Rhea Paxman, sister of the groom, was bridesmaid and wore a pale blue taffeta gown and carried a bouquet of pink carnations. Mr. Willard Paxman, cousin of the groom, was best man.

The bride's mother, Mrs. Summerfeldt, wore an afternoon dress of grey crepe while Mrs. Paxman wore a dress of printed navy.

Mrs. Harold Oler presided at the Guest Book and Miss Charlene Summerfeldt was in charge of the gifts.

The hall was attractively decorated with large baskets of flowers and the bride's table was centered by a beautiful wedding cake topped by a miniture bride and groom.

A tasty lunch was served.

A very interesting program followed with Mr. Jack Stevens as Master of Ceremonies. There were piano selections by Mr. Herbert Bishop, vocal solos by Miss Barbara Harvey; Rhea, Carma and Kate Paxman rendered a trio and "The Bride's Prayer" was beautifully presented by Mrs. Elizabeth Hamilton.

After the reception the happy couple left for a honeymoon trip to Calgary and Banff.

They will make their home near Raymond where the groom is engaged in farming.

The Lions Club had a very interesting travelogue at their regular meeting Monday night at the Opera House Club Rooms. We travelled up and down New Zealand in Dick Kinsey's bus for a great trip. Dick really knows his Maori land. The boys faltered out during the meeting—like all other organizations we feel the keen competition from other pressure groups. Town Council Meeting, a couple curling, couple of wife calls to the show. What does the populace think of a community time planning schedule—surely we can work out some means of getting in our obligations and still live.

Enviable Record

The Special Interest Class of the Third Ward M.I.A. have an enviable record for attendance to Mutual this year. Mrs. Larry Dahl is the President and says they have never had less than 30 to their classes. Mrs. Fannie Walker is supervisor. Last

Thursday night was no exception when at least 60 people present enjoyed a unique program given by Mr. Dick Kinsey, who recently returned from a mission in New Zealand. Mr. Kinsey showed slides and gave a most interesting commentary as they were shown.

Births

To Mr and Mrs. Earl Zemp—a boy.

ROUTE SPOKES

Rotary: To encourage and foster the ideal of service as a basis of worthy enterprise.

One of the objects of Rotary is the development of acquaintance as an opportunity for service. I ran across the following verse, which seems to express this Rotary ideal very nicely:

When you get to know a fellow,
Know his joys and know his cares;
When you've come to understand him
And the burden that he bears;
When you learn the fight he's making
And the troubles in his way;
Then you find that he is different,
Than you thought him yesterday.
You will find his faults are trivial
And there's not so much to blame
In the brother that you jeered at
When you only knew his name.

Monday, 12:15 p.m. Rotarians tried and true met in weekly meeting at the Legion Hall. Once again we were the recipients of a truly delicious dinner served by the Ladies Auxiliary. Girls, think somewhat of our waistlines! Seriously, I feel much of the improved attendance of our club members is due to the meals served by the Legionettes.

V.P. Howard Melchin was in the Chair in the absence of Prexy Stew Card, who, following a definite behavior trend is holidaying through Vancouver, Portland and points south. Stewart, by postcard, let us know that he was an interested spectator at the "Briar" cup games.

Myron Holmes, Rotarian, recently returned from a trip to California was guest speaker. Myron as usual gave us a very interesting and provocative talk.

He spoke on the basic integration taking place between Canada and United States, which he felt was good. Myron pointed out that the process was slow because of mainly small historical prejudices existing on both sides of the Forty-ninth Parallel. The complete integration, spiritually and physically between Canada and U.S. cannot come about until these prejudices are overcome. He deplored on one hand the rather insular qualities of the Americans, who, so wrapped up in the greatness of their own country evidenced little interest or knowledge in the country bordering their own. On the other hand he felt that Canadians in association with Americans were inclined toward an inferiority complex which colors their talk and actions. Let us talk Canada to United States. Let us be proud of Alberta Province of today and future! In summing up Myron's talk one might exclaim: "What a fertile field for the application of Rotary's fourth objective: The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional men united in the ideal of service."

Until next week, same time, same place—this is your Rote Reporter to whom it seems that just as soon as we get rid of one tiresome situation, we get lonely and set the stage for another.

Home and School

The Raymond Home and School Assoc. will meet in the High School on Wednesday, March 29th at 8 p.m.

The speakers will be Mrs. Godfrey Holmes who will speak on the subject "Co-operation Between Parents and Teachers" and Mr. Lyman Jacobs whose topic will be "School Daze".

Lies go in pairs; you always need a second to hold up the first.

"Bits o' Blarney"

"Bits o' Blarney", an operetta presented by the Second Ward was performed on Monday evening in the Stake House.

Mrs Gen Hawkins was in charge of production and also directed the music. Mr. Jack Stevens was drama director and Mrs. Thelma Stevens was accompanist. Mr. and Mrs. Myron Hamilton directed the dancing.

The leading lady was comely little Darlene West and the leading man was Robert Gehmlich. Other leading players were Arthur Smith, Patricia Strong and Jack Stevens. The chorus of twenty girls and boys are to be complimented on their fine job of singing and dancing. Many fine comments have been heard on this production, some saying that it was one of the best that has ever been seen in Raymond. The cast performed very capably and much credit is due the directors.

NEWS WANTED

If you or any of your family, friends or acquaintances do or hear any newsworthy thing please let us know. We are here to let others know.

Our phone number is 24.

Deaths

Mrs. Blanche Scoville

Many people in Raymond will be interested to know that word has been received of the death of Mrs. Blanche Scoville of Salt Lake City, a former long-time resident of Raymond. She had been in failing health for many years. She was predeceased by her husband, the late Earl Scoville, 12 years ago, who is buried here.

Mr. and Mrs. Scovilles' family were born and many of the children raised here in Raymond.

Mrs. Scoville is survived by 5 daughters, Mrs. Doral Pilling, Calgary, Mrs. L. McNaughton, Cardston; Leatrice, Estelle and Elaine, Salt Lake City; and Monty, Salt Lake City. She also leaves four sisters, Mrs. Jane Brewerton, Raymond; Mrs. Toy Ellison, Waterton; Mrs. Margaret Swanson, Taber; Mrs. William Shields, Cardston and three brothers, Louis, Raymond; William, Vancouver and Kimball, Salt Lake City.

Her mother, Mrs. Elizabeth Fisher, was with her at the time of her death.

Mrs. Jane Brewerton, Mrs. Margaret Swanson and Mr. Louis Fisher left immediately for Salt Lake by car.

Kenny

Services for the infant son of Mr. and Mrs. J. Kenny were held in the Relief Society room of the Second Ward. Bishop Rulon Dahl officiated. Mrs. Fanny Walker spoke to the family, giving them encouragement for a life hereafter and other comforting thoughts. Bishop Dahl spoke briefly on the family unit in the next life.

Mrs. Ruth Salmon sang "My Little Rosebud".

Many relatives from distant points were present.

Flowers are Lucky

The weather man may not have been too kind to humans but it lavished tender care on flowers. A month ago Bill Greep had a pansy and daisy bed in full bloom, and, although he was afraid this last snow storm had spelled their doom, it was not so. Any doubtful persons can see for themselves.

Nelson Farm Record

We are the Agents for this Unique System of Farm Bookkeeping. The book made by a farmer for farmers to use. Farmers are well rewarded for the time spent on keeping an up-to-date set of books. Call in and see for yourself how simple Mr. A. E. Nelson of Calgary has made this chore.

Local Men Honored By Lions International

Hospital Auxiliary

The urgent need for a Hospital Auxiliary has been discussed recently in local clubs. This organization would act as liaison between the Hospital Board, the staff and the public. It would supply extra items that cannot be taken care of through the ordinary channels.

The Auxiliary would supply, among other things, babies' nightgowns, extra cooking utensils and possibly a staff recreation room. Many of the nurses are newcomers and would appreciate this facility.

A few months ago Mrs. Beth Galbraith saw the necessity and urgent need for an incubator. She and other members of the "Miladi Club" contacted many of the local organizations and received quick response to the request for a donation toward this worthy cause. Enough money was raised and a fine new incubator is now installed and ready for instant use if the necessity arises. If it means the saving of life of only one child it is well worth the money.

Donations were received from: Glee-Ette Club \$10 Young Buddies' Association \$15 Readers Progress Club \$10 Women's Institute \$10 Music Club \$20 Glee Club \$13 Psychology Club \$20 Book Lovers' Society \$20 Rotary Club \$50 Jack Evans \$2 Friday Nite Club \$5 A discontinued music club \$4 Miladi Club \$20

The public is urged to give its support to this worthwhile venture.

The last three Wednesdays we have held very successful and enjoyable dances at the hall, featuring old time and modern dancing. Each time a lunch has been served at midnight. The entertainment committee has decided to hold the next dance on Friday, March 31st and we are looking for an even larger turnout for this dance.

At the executive meeting Tuesday night it was decided to hold a party Saturday, March 25 in honor of Mr. John Landyshoff who is leaving soon for Taber. Mr. Landyshoff has been an enthusiastic Legion member and has put a tremendous amount of work into all Legion activities. Every veteran that has worked with John will be sorry to see him leave. We expect that all veterans will attend the party to bid John farewell.

The building committee has been making excellent progress in finishing the basement of the hall, due to the untiring efforts of Ray Attwood and his man Friday, Johnny Navratil. Any time you veterans have any spare time grab a hammer and head for the hall. Your help will be very much appreciated.

The welfare committee sent a box of candy to Mrs. Jim Greep whose new daughter has made Jim a very happy man.

Incidentally, you should have seen the splendid coat rack built by Ray and Johnny in the basement. The only fault with it was that it was intended for use upstairs. After trying to raise the floor of the hall several inches to allow for its progress up the stairs, they had to give in and dismantle the said coat rack and take it up stairs in shorter pieces. Anyway boys, you had good intentions.

Handwriting Psychology

By Norman Draper

STUBBORN

Obstinacy is egotism with the blinders on.

There are various degrees and different kinds of obstinacy just as there are varying intelligence, judgement or will. The pig-headed stubbornness, that is blind, unreasoning, that will not yield no matter how palpable the evidence, marks the mediocre mind.

STUBBORNNESS is not will! as a good many folks think it is. It is one of the departments of will that should be controlled and directed by the intelligence. The kind of obstinacy under discussion is the unreasoning kind that is determined "whether or no" and which reflects a headstrong and positively determined impulsion.

Look to the left-to-right strokes, especially the terminal strokes and the bars to 't's. If they are heavy, thick and emphatic, you have a determined, obstinate and rather unreasoning impulse. The writing will be sharp, angular, applied with vigor to the paper. The writing will be upright and cunningly expressed in the tapering words (words "dribble off" towards the end) the last strokes are almost

a strong dash. A very unfeeling and selfish nature that is determined to have its own way at all costs, coupled with a frightful temper. This type reveals much artificiality, pride, pretension and self-congratulation. They feel proud that they have "hurt" someone—it feeds their "ego."

Had one yesterday in the mail—it was a real pleasure to "tick them off!"

It brings to mind a little poem sent in as a sample of writing:

A little more kindness, a little less greed;

A little more giving, a little less greed;

A little more smile, a little less frown;

A little less kicking a man when he's down;

A little more we, a little less I;

A little more laugh, a little less cry;

A little more flowers on the pathway of life;

And fewer on graves at the end of strife."

Do you agree? Many a person would rather lose his shirt than keep his head.

Have a "happy day."

COUPON FOR HANDWRITING ANALYSIS

Stirling News

(Mrs. Lief Erickson)

Mr. and Mrs. Ken Peterson are receiving congratulations on the birth of a baby daughter. Mrs. Peterson has been released from the hospital and is now convalescing at home.

Mrs. Lavon Ogden of Calgary visited friends and relatives here the past week.

Mr. and Mrs. Leo Seely announce the engagement of their daughter, Evelyn, to Wilbur Eagleson of Warner. The wedding will take place in Lethbridge on April eleventh.

During the week Mr. and Mrs. Q. Jensen will take delivery of their new car and leave immediately for a trip to Utah. Before returning home they expect to attend the General Conference of the L. D. S. church in Salt Lake City.

Mrs. Delight Proctor was hostess to the M. A. Club on Thursday afternoon. After the club business was attended to the ladies enjoyed a pleasant social hour, the highlight of which was a delicious lunch served by the hostess.

Bus Brandley is here from Los Angeles, California. He has land holdings in this district and is here to arrange for spring seeding operations.

Mrs. May Oler was confined to the hospital last week suffering from an eye infection.

A baby girl was born to Mr. and Mrs. Albert Hartley on Sunday, March 19th at Lethbridge.

At a recent Municipal election, Ken Peterson defeated Paul Moreland 179 to 143. Mr. Peterson will now represent this district on the Sugar City Municipal Council.

A very large crowd gathered at the Hall on Wednesday evening to enjoy the St. Patrick's Day party sponsored by the Relief Society ladies. A nicely arranged program was presented with Mrs. Verda Michelson in charge. Following the program a pot luck lunch was served, after which dancing was enjoyed until midnight. Many out-of-town friends attended the party.

On Wednesday morning Mr. and Mrs. Harold Christensen accompanied by Mrs. Ruth Humphry of Edmonton and Mrs. Eliza Nata left on motor trip to Pocatello, Idaho and Utah points. They will visit their daughter and son-in-law, Mr. and Mrs. Bernell Skinner while away.

The local Lions Club sponsored a very successful Boxing card here on Saturday night. Participants, also fans, came from many district points for the occasion. Trophies were awarded to the winners in all classes.

At Sunday evening church service special speakers were Mr. Leslie Williams and Mr. and Mrs. M. T. King, all of Raymond. Very interesting and informative talks were given.

Rate Payers Organize

A number of Raymond's citizens recently met together to form a rate-payers association. Mr. Geo. Schnedt was elected President, Mr. Jerry Gibb as Vice-President and Mr. J. O. A. Stevenson as Secretary-Treasurer.

Nineteen tax payers applied to the Court of Tax Appeal which met on Monday night, for re-assessment of their property. Mr. L. R. Pack representing the Town Council and Mr. J. O. A. Stevenson, representing the Rate Payers' Association, have been appointed to the Arbitration Board, and a third man will be chosen who is neither Rate Payer nor member of the Town Council. This Board will inspect the properties under debate and if possible, reach an agreement and offer their recommendation to Council. Final decision remains with the Town Council as to whether the Tax assessment is altered.

Friends will be glad to learn that Mr. and Mrs. Burns Larsen became the parents of a baby boy, on March 3, at Edmonton.

For Parents Only

Homework Hints

"It is not the pupils who make the 'homework problem' but parents!" a teacher said recently.

"An antagonistic attitude to all homework on the part of mother or dad, is very quickly reflected in the child's work. Children, in the matter of homework, and other things too, certainly 'take their home to school with them!'

HOMEWORK HINTS

Another teacher who was listening said quietly.

"Some parents are honestly doubtful of the value of homework—but since some of it is necessary for the older scholars, it might as well be done willingly and well."

At this point a mother expressed her views.

"The catch is getting Junior to do it himself! He comes from school with envious reports of the praise Phillip gets from the teacher for his neat, correct answers to all the homework questions—and Junior says Phillip's dad does his homework for him . . . and that little Blank girl's mother always works out her arithmetic problems for her! Goodness knows, I have enough to do without taking on a public school evening course! Teachers should see to it that it is the scholars own work and then the parents won't be nagged by their children for 'just a little help with my homework.'

"Perhaps some teachers are poor detectives," another mother said with a little laugh.

"But I do think a teacher should make a guess at how long it would take an average pupil to do one evening's homework, and keep the amount assigned within a reasonable limit. Many pupils take music lessons or have other valuable hobbies. They should do a few home chores—and they do need a little time to play—they should be in the fresh air after being indoors so many hours on a school day."

How often the pros and cons of homework have been discussed! There is something to be said for the convictions of both teachers and parents in this conversation—and doing of homework unfortunately, is a most contentious subject. It is a battle ground in far too many homes. What are some practical useful suggestions to parents on homework hints?

If your child has homework which his teacher has given to his class, don't make it harder for him by pouring scorn on homework, criticising the teacher, or by being too anxious for a perfect record from your child in his school marks.

Accept homework as a job to be done, regularly without fuss. This piece of work, if well done by the pupil "on his own", will help him in his habits of concentration and self-discipline. It will also add to his knowledge and grasp of his school work.

Provide a place for your child to study—if possible a table and chair in a room by himself. See that he is comfortable and that the lighting is good. The family living room often has a radio on as well as other interesting interruptions. Neither does the kitchen table, if people are coming in and out, provide the quiet atmosphere for academic work.

Help your child to budget his hours out of school wisely. Have a set time when he agrees to begin homework each evening. A definite other substitute time between four o'clock and supper is necessary on the special occasions when this evening schedule is broken in to.

Many boarding school students have "study hours" begun and ended by a bell. This is an easy way to remind a youngster that homework time has come. Boarding schools also usually provide a simple "snack" at bed time of crackers and cheese or some other light refreshment. This is a jolly session! Mother or dad should take a few minutes to be sociable with a boy or girl at home at "snack time" after homework is done, just before "sleep time."

Have a casual attitude to your child's homework. Remind him it is his job, not yours. (You have your own evening tasks to see to.) Be very sparing in your assistance. School subjects are taught so very differently now from what they were when parents were young, that chances are your help will only confuse your youngster as well as make him a "leaner"!

Flax In Short Supply

Leading agricultural authorities believe that flax should be given a place in seeding plans for the new season. This was indicated in the discussions that took place at the recent Canadian Barley and Oil Seeds Conference held in Winnipeg. This meeting attended by plant scientists, marketing authorities and industrial users approved a resolution recommending the planting of 750,000 to 1,000,000 acres of flax on the Prairies this year. Last year the flax acreage was reduced to 300,000 acres.

The Conference considered the depletion of the flax surplus in the hands of the Wheat Board and the small supplies on farms and in country elevators, and came to the conclusion that a much larger crop would be necessary this year to provide domestic requirements and reserves. Otherwise it might be necessary to import flaxseed or linseed oil.

It was also brought out at the Conference that a much larger market for flax straw was likely to develop as this commodity was needed in the production of fine papers. This would result in additional revenue for the flax grower.

Technical members of the Conference stressed the advisability of having seed flax tested for germination as a measure in assuring a better crop and heavier stands.

Banker to Leave

Word has just been received that Mr. A. C. King, manager of the local branch of the Bank of Montreal, has been transferred to Olds. Mr. Grant of Magrath will assume the duties of manager for the Raymond Branch.

LET THE PEOPLE KNOW

One of the objects of the Canadian Cancer Society is to provide the public with the facts about cancer. More knowledge of the disease on the part of the individual is a vital factor in detecting cancer in time for effective treatment.
